Stuckmeyer's Gift Certificates are Available

Gift Certificates are available for that "hard to buy for person" who loves to garden. We also have giftware and a large assortment of potted containers. Stop in and see what is happening at Stuckmeyer's. We have been busy getting things ready for this Spring!

Did You Know?

Stuckmeyer's is a 4th Generation family farm. We have been at our Fenton location since 1952.

Our goal is to offer the best bedding and vegetable plants to our customers. The plants that we grow and sell are the same plants that we use in our fields. The majority of the produce we sell in our farm market is grown by Stuckmeyer's. Most of the produce you buy has been harvested the same day we sell it.

Since we are family run, normally at least one family

member is close by to answer questions, give suggestions or just around to say Hi! We know sometimes we get called away to help out in the fields, working ground, planting or harvesting. Most of our employees have been with us for years, they are very knowledgeable.

Why do Stuckmeyer's plants grow so well? All of our seedlings are hand transplanted into the cells. We feel that by hand separating the seedlings, this simulates the growth. We "harden off" our tomato plants by exposing them to

the elements outside of the greenhouse. But when the spring storms pop up, it is everyone rushing to move all the plants under cover. But that is what it takes to get a thick stalky tomato plant.

This is a busy time of year for us. Not much spare time as we are busy in the greenhouse and trying to work around the storms getting spring items planted in the fields.

We are looking forward to seeing all of our customers that have been coming to Stuckmeyer's for years!

Got to run "Dad is needing help planting Stuckmeyer Sweet Onions!"

Come out and Join our Gardening Seminar-- "PLANT CARE"

This will be our twelfth year to hold the Gardening Seminar. Again, this year the staff of Stuckmeyer's will be conducting the seminar. This year's topic will be on "PLANT CARE – Give your plants the nourishment they need." One of the most asked questions from our customers is how and what to feed their plants. We will

have some fertilizer choices and hopefully some good tips. Good care throughout the growing season will give you good results.

Also, during the seminar the staff of Stuckmeyer's will show what is new for this year. If you have never made it to a seminar, there is always a tip or two that can

be picked up. Plus many questions are discussed from those in attendance. The seminar will be held Saturday, April 12th starting at 1:00 pm. Refreshments, door prizes and discounts will be available during the seminar. Please join us and bring a friend. This should be very informative and enjoyable for everyone that attends!

Back by Popular Demand– Kid's Day

Dads - bring the kids out on Saturday, May 10th to design and plant a free Mother's Day container for your special someone. All supplies, including the card are furnished by Stuckmeyer's for FREE!

The staff at Stuckmeyer's will be available to assist the kids planting the containers. Last year we had over 750 kids that enjoyed decorating their very own specially designed pot.

This is always a very popular event; hope to see all of you.

A tent will be setup for this special event. Hours for this event are 10:00 am to 3:00 pm.

Our customers are ready for fresh fruits and vegetables. Coming soon we will have our own lettuce, green onions, radishes, and asparagus. Soon after this our strawberries will be in.

Stuckmeyer's Farm Market is just like having a farmer's market 7 days a week. No need to wait for the weekend to go to the farmer's market. We grow a large variety of vegetables. We also fill in with other locally grown items.

Time to start planting your onion sets/plants, potatoes, lettuce, cabbage, broccoli, cauliflower and sweet peas.
