News for 2016 at Stuckmeyer's!

We have been busy this winter getting ready for another season at Stuckmeyer's. Our greenhouses are starting to fill up with bedding plants and vegetables. Did you know the plants that we grow and sell are the same plants that we use in our fields? We try to produce the best products available so that everyone can be successful in the garden!

What a beautiful Spring. The trees blooming has been the best in years. Perfect temperatures (but Dad says the air is cold!, not good for tomatoes yet). Starting next week, we may

venture into planting a few out in the fields.

Strawberries are blooming beautifully, should be a good crop. Planting sweet onions today. We have green onions planted, spinach both sowed and wintered over, lettuce planted, asparagus just waiting to pop. Every day we are doing a little more. It will be a mad dash again to get all of our fields full, but it is nothing new, we go through this every year. We enjoy this life, which is why we have done this for 4 generations.

We are also signed up for both the Arnold Farmers Market and Old Towne Fenton Farmers Market starting in May on Saturday mornings. We will be selling our local homegrown produce at both of these markets.

We are looking forward to seeing all of our customers that have been coming to Stuckmeyer's for years!

Like we always end this section - Got to run "There is never enough daylight to get it all done!"

Come out and Join our Gardening Seminar-- "Benefits of Natives in the Landscape"

This will be our fourteenth year to hold the Gardening Seminar.

This year we have a special guest specializing in native plants in Missouri. Doug Bauer is president of Pure Air Natives, Inc. and DJM Ecological Services, Inc. He has extensive experience with native plants and plantings. He will be able to

answer your questions about your landscapes and gardens.

Also, during the seminar the staff of Stuckmeyer's will show what is new for this year, we have a few new plants you have to try. If you have never made it to a seminar, there is always a tip or two that can be picked up. Plus many questions are

discussed from those in attendance. The seminar will be held Saturday, April 23rd starting at 1:00 pm. Refreshments, door prizes and discounts will be available during the seminar. Please join us and bring a friend. This should be very informative and enjoyable for everyone that attends!

Back by Popular Demand-- Kid's Day

Dads - bring the kids out on Saturday, May 7th to design and plant a free Mother's Day container for your special someone. All supplies, including the card are furnished by Stuckmeyer's for FREE!

The staff at Stuckmeyer's will be available to assist the kids planting the containers. Last year we had over 750 kids that enjoyed decorating their very own specially designed pot.

This is always a very popular event; hope to see all of you.

A tent will be set up for this special event. Hours for this event are 10:00 am to 3:00 pm.
